

BIBLE READING

Because of the importance of seeking to know *all* of what God has revealed to us, we encourage our members to read the entire the Bible. A variety of helpful plans for reading the Bible can be found online to assist one in doing this.

For those new to the Bible, we recommend using an abridged survey plan we've developed, which can be found below. Using this plan, you will be guided through the key movements of scripture and encounter some of the Bible's central texts.
